**WHY SO WEAK?**

**Kidney Troubles May Be Sapping Your Life Away--Hopkinsville People Have Learned This Fact.**

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells, and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys. Here is Hopkinsville testimony to prove it:

James A. Twyman, brick mason, 1230 South Virginia St., says: "Disorders of the kidneys brought on in my case so sharp and continued a succession of pains and aches throughout my back that I could not rest comfortably at night and arose in the morning lame and sore. I was tired and worn out from morning to night. The kidney secretions were irregular, high-colored and scalding and deposited a heavy sediment if allowed to stand. I had no energy left and felt generally run down. I was feeling worse than usual when my attention was attracted by an advertisement of Doan's Kidney Pills and I got a box at L. A. Johnson's drug store and began using them. In a few days I noticed that the secretions had assumed a natural appearance and the pain and aching had been greatly relieved and by the time I had completed the box there was a wonderful change in my condition. Enabled to state that I am practically cured and Doan's Kidney Pills will be my friends for life."

For sale by all dealers. Price 60c. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name--Doan's--and take no other.

**WEALTH OF SENATORS**

**HUGE TOTAL WHICH LEGISLATORS CAN SCORE.**

Members of Upper Branch of Congress Who Are Worth Fortunes Which Mount Up Into the Millions of Dollars.

The United States senate has an embarrassment of riches, at least the general public is disposed to view with disfavor, if not suspicion, the fact that the members of that legislative body of the nation should possess and control so much of the country's wealth.

If one should take tablet and pencil and make a financial census of the upper branch of congress, they would discover that 36 members, less than one-half of the total membership, are easily worth \$340,000,000, showing that the dubbing of the senate by some as the "millionaire's club" is not without warrant. A partial list of members would read about as follows:

William A. Clark, \$200,000,000—mining.  
Stephen B. Elkins, \$20,000,000—railroads.  
Gen. Russell A. Alger, \$20,000,000—lumbering.  
Nelson W. Aldrich, \$10,000,000—street railroads.  
John Kean, \$10,000,000—inherited.  
John F. Dryden, \$10,000,000.  
Redfield Proctor, \$10,000,000—marble quarries.  
George P. Wetmore, \$5,000,000.

Others whose wealth is counted in the millions, but the exact amount of which is not known, are: Philander C. Knox, Cabot Lodge, Henry M. Teller, Thomas M. Patterson, Levi Aiken, Samuel H. Piles, George S. Nixon, George C. Perkins, Francis E. Warren and Reed Smoot, of Utah, who is about to be barred from his seat in the senate.

To this list should be added the names of Frank B. Brandegee, of Connecticut; Charles A. Culberson, of Texas; Lee S. Overman, of North Carolina; Henry E. Burnham, of New Hampshire; William P. Dillingham, of Vermont, and Frank P. Flint, of California, for their wealth comes close to the million dollar mark, if it does not largely exceed that sum.

Then there is a long list of names of those who are independently rich. Such members could schedule easily above the hundred thousand dollar mark, and from that figure it would run up in many cases to \$500,000 and more. Among such are Morgan G. Bulkeley, of Connecticut; Murray W. Crane, of Massachusetts; Nathan B. Scott, of West Virginia; Joseph B. Foraker, of Ohio; James B. McCreary, of Kentucky; Thomas S. Martin, of Virginia; James P. Tallaferro, of Florida;

THE CROESUS OF THE SENATE.

Ida; Eugene Hale, of Maine. The last named is probably entitled to place in the millionaire class, being credited by some with a fortune of nearly \$3,000,000. Senator Newlands is another whose wealth is counted probably in the millions, as is that of Joseph W. Bailey, of Texas.

The Croesus of the senate, William A. Clark, dug his fortune out of the ground in Montana. He was offered \$150,000,000 for the United Verde mine. He refused, because the wealth is safer in the mine than it would be in banks or bonds. It is a bank that cannot be robbed, and his drafts upon it are always honored.

Quite another type of man is Stephen B. Elkins of West Virginia, who is credited with possessing more wealth than any other senator with the exception of Senator Clark. The Montana senator is acquisitive, but he did not make his money through this trait.

Gen. Russell A. Alger, of Michigan, who is credited with the possession of \$20,000,000, is a lumber prince, an owner of forests, mines, mills and factories. He began early and worked late in the acquisition of a fortune. Since the Spanish war Gen. Alger's health has been weakened, and he has gradually lessened the tension of business pursuits.

Senator Aldrich made most of his wealth in street railroad operations, consolidations and extensions. Although he has been in the senate since 1883, being fifth among senators in length of congressional service, he has not time to build up a fortune that is not moderate, as fortunes go nowadays.

The President Fairbanks is included in the list of millionaires of the senate, though he is not now a senator. Of course, he has made money in the law, and is interested in banks and manufacturing institutions in Indiana and Illinois.

**The Young Physician.**

**WHAT HIS EXPERIENCE PROVED.**

In the early sixties it was usually the duty of a practicing physician to ride many miles every day on his regular round of visits upon his patients. In those days a young man who had received a splendid medical training in one of the best medical colleges of that day was accustomed to ride ten, twenty, thirty miles or more visiting the sick and afflicted. His success was soon phenomenal. Doctors and families called him for consultation to towns at considerable distances by rail. His specialty was the cure of those common and distressing diseases of women. He had early discovered that by combining the extracts of the following medicinal plants, in just the right proportion, without the use of alcohol his "Prescription" almost invariably cured such cases. Later, in order to place this remedy before the public in a shape easily to be procured, he established a laboratory at Buffalo, N. Y., where regularly qualified chemists were put in charge to accurately prepare his "Prescription" and put it in shape for shipment to all parts of the world. This remedy, which he named Dr. Pierce's Favorite Prescription, is not a "patent medicine" but a tonic and nerve for women, and a regular physician's prescription, and contains the following ingredients: Lady's Slipper root, Black

Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and chemically pure glycerine.

Dr. Pierce does not claim for his "Favorite Prescription" that it is a "cure-all." It is recommended as a most perfect specific for women's peculiar ailments. No medicine can be so intimately related to the general health that when diseases of the delicate womanly organs are cured the whole body gains in health and strength. For weak and sickly women who are "worn-out," "run-down" or debilitated, especially for women who work in store, office or schoolroom, who sit at the typewriter or sewing machine, or bear heavy household burdens, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

Dr. Pierce.

"I want to tell you of the great improvement in my health, since taking your 'Favorite Prescription,' says Mrs. H. S. Jones, of Forest, N. C. 'When I began its use I was a physical wreck and had despaired of ever having good health again. Could not sit up all day. I noted a great improvement before the first bottle was all used. Was suffering with almost every pain that a woman is subject to; had inflammation of the ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of 'Favorite Prescription' I felt like a new person. Can ride horseback and take all kinds of exercise and not feel tired.' Only one or two of these tiny, sugar-coated, pleasant-tasting pills will regulate, tone up and set in healthy, vigorous action a foul stomach, torpid liver and sluggish bowels. Little pills, little doses, produce great results. First put up by Dr. R. V. Pierce, over 40 years ago. Much imitated but never equaled."
